MPL PARTICIPATION AT 2020 EXHIBITIONS

Due to the Coronavirus, MPL had to cancel its participation at Intermodal/Brazil earlier this year.

Our attendance is now being arranged for 2021.

We have preferred to postpone our attendance to next year, and are waiting an official letter from the Intermodal organizers to confirm as such.

Again due this pandemic, Breakbulk in Bremen, Germany has been postponed to take place on the 29th September - 1st October, 2020.

We will keep you posted in the next Newsletter editions.

BREKBUK ANNOUNCEMENT – POSTPONED DATES

31 March 2020, LONDON

Breakbulk Europe, the world's largest event for the project cargo and breakbulk industry, **has been postponed** until September in light of the global novel coronavirus pandemic. The event will now take place at Messe Bremen in Bremen, Germany, **from 29 September to 1 October 2020**.

"We have been closely monitoring the impact of Covid-19 not only in Germany, but across the world, and have decided to move the event to September to ensure the safety of our customers," stated Nick Davison, Portfolio Director for Breakbulk and CWEIME events, Hyve Group.

"We know that this is the most important gathering for the breakbulk and project cargo industry and we want to be sure our customers can meet in a safe environment. The pandemic has had a significant impact on the global supply chain and bringing the industry to Breakbulk Europe will provide an opportunity for leaders to discuss the best way forward."

We will keep you posted around June on the latest news. As you will appreciate, the dates will be confirmed dependant on the coronavirus pandemic situation.

Dear All,
My first concern is that all of you, our MPL members and your loved ones are in good health and not suffering directly due to the coronavirus. Appreciate the economic impact this must be having on all of you, but health comes first and when this devastating situation is over then the economy should hopefully improve very quickly.

Here in Italy, we have been housebound now since the 11th March and looks likely to extend to at least the end of April. We can only go out for necessities; however, this seems to be the case in many countries worldwide.

I'd like to take this opportunity to thank those of you, who have contacted me to ask about my welfare. Greatly appreciated and btw I'm fine.

CANNES NEWS IN BRIEF

CANNES LA CROISSETTE

The idea of the Cannes Film Festival originated in 1938 and was set up as an international cinematographic event. They found support from the Americans and British. On the 21st May, 1939 Cannes was selected as its venue. One of the reasons for deciding on this place was its vast touristic appeal as a French Riviera resort town, plus the city hall offered to increase the municipality's financial participation, including the commitment to build a venue dedicated to the Festival.

Hollywood stars of the time, such as Gary Cooper, Cary Grant, Tyrone Power, Douglas Fairbanks Jr., Mae West, James Cagney, Spencer Tracy and many other famous names arrived thanks to an Ocean liner chartered by the Metro-Goldwyn-Mayer (MGM). On 31 August, 1939 the opening night gala took place with the private screening of the American film *The Hunchback of Notre Dame* starring Charles Laughton and

Maureen O'Hara and directed by William Dieterle. Due to World War II, it was then cancelled. In 1946 from the 20 September to 5th October at the former Casino of Cannes, the festival resumed with twenty-one countries presenting their films. The festival was not held in 1948 and 1950 because of budgetary problems.

In 1949, the Palais des Festivals et des Congrès was specifically built for the occasion on the seafront promenade of La Croisette, although its inaugural roof, while still unfinished, blew off during a storm. In 1951, the festival was moved to spring to avoid direct competition with the Venice Festival which was held in the autumn.

NOW in 2020 due to the Coronavirus the Cannes Film Festival, normally held in May each year has been postponed to take place on Wednesday July 15th.

Tiziano Zelaschi
and the legendary Robin

I would like to write few lines to emphasize the importance of the meaning of networking and of unity that in these days I have evaluated and rethought. True friends are always seen in times of need and true friends known through many years of meetings and trips abroad are there; they called, they wrote, they expressed their solidarity in the most difficult moment in the history of Italy after the war. This must not be forgotten beyond the value of the business, true friendship has come out .. then

without forgetting anyone I want to thank in particular KEREM, ABDALLAH, MICKEAL, THE CARBONI BROTHERS, DENIZ and FOUAD and the legendary ROBIN and our gastronomic challenges - and the hope of embracing and kissing everyone on the French Riviera soon, without limits and masks. One last note to those who sell masks online every day are showing a false solidarity!!
