MPL EXHIBITIONS

MPL participated in its first trade fair, when they took a booth at Intermodal South America Brazil in early 2011,

where there were 45,000 visitors. The next time was at Expo Carga in Mexico City, 2013.

Intermodal South America Brazil 2011

Expo Carga in Mexico City 2013

Africargo in Cape Town 2016

In 2015, the **MPL Board** seriously re-evaluated the significance of facilitating this service to its members and made a decision that it was important and necessary.

WHY

They appreciated that exhibiting at trade fairs has enormous benefits. It confirms you are a serious player in the freight forwarding business. It gives you the opportunity to expand your contacts; reaffirm confidence amongst your present clients, meet face to face your more remote customers and visibly put your company on the world market.

An additional advantage, often overlooked, is that you can eye your competition. This can give you a competitive edge. By watching them you can learn how to improve or what not to do.

WHEN

During 2016, MPL participated at **Africargo** in Cape Town and took a booth at **Farbe Ausbau & Fassade** in Munich. Then in 2017 **West Pack** in Anaheim, **Transport Logistic** in Munich and the **Big 5** in Dubai

MPL EXHIBITIONS

2018 consisted of **MPL's** participation at **Intermodal** in Sao Paulo, **Transport Logistic**, Shanghai and **All4Pack**, Paris

MPL EXHIBITIONS - MUNICH

Munich trade fair center

Now we are looking forward to **Transport Logistics in Munich from 4 -7 June.**

There are many superb exhibition venues throughout the world. Munich remains extremely popular, because of its huge facilities with excellent organization.

The added attraction is Munich's location in Europe, near mountains and beautiful lakes.

The city itself has much to offer, with wonderful restaurants, great nightlife and a charming old center. Stretching from the middle of the city to the northeastern city limits is one of the world's largest urban public parks - the English Gardens. Taking a stroll through there, it is hard to believe where you are. Being so far from the sea and beaches, many Germans and tourists alike, enjoy sunbathing and relaxing around the lake in the Gardens.

MPL EXHIBITIONS - THE BIG 5 - DUBAI

From **25 – 28 November**, **MPL** has a booth at this famous event. It is one of the most spectacular trade fairs globally.

Dubai is an alpha city and business hub of the Middle East. It is also a major global transport center for passengers and cargo.

THE BENEFITS AND IMPORTANCE OF THE MPL EXHIBITIONS

MPL breaks-down its participation into two categories – logistics and suppliers exhibitions.

The great advantage to the exhibitions that **MPL** participates in is that their booth at each event is manned by **MPL** staff, who will promote and represent

your company, whether you attend or not. Plus you gain exposure in the Exhibitor's Guide.

Should you attend, the **MPL Booth** is the hub for meeting your customers, without the need to spend an enormous amount on your own company booth. Furthermore, it gives you the freedom to go to other stands, whilst being well represented in your absence.

ABC SHIPPING CO. SARL - LEBANON

ABC Shipping is in the business of freight forwarding and customs brokerage, founded more than a decade ago in the heart of Beirut by Sami Ballout. With a team of tenacious owners and hardworking staff, ABC Shipping has made a name for itself amongst Lebanon's shipping and freight forwarding companies; moving cargo by air, land, and sea, throughout all Lebanese territories and Arab countries in the Middle East. ABC Shipping tends to all kinds of services, from packaging and warehousing to Door to Door services, and everything in between. From Lebanon to the whole world, and vice versa.

ABC Shipping has established throughout the years great business relations with international partners worldwide, and thus, we were able to join the two international major freight

forwarding networks WCA and MPL. That way, we secured customers worldwide with all the professional export and import freights they may need.

ABC Shipping, being an IATA Cargo agent, can provide worldwide air freight service with high competitiveness and follow up due to its professional team.

We can secure all services related to your freights by air, sea, and land with an import/exporting license, packing, warehousing, door deliveries, custom clearance, and all related logistics to/from our homeland country, Lebanon.

Beirut city, our capital, is a very active and alive city. Business there is very flexible. Lebanese human resources are very distinctive, educated, and popular in the whole Middle East.

Our new and latest development was establishing a new company that is licensed by Lebanese authorities and is specialized in the transit business (TR8 Declarations).

Beirut Port and airport's location help us gain customers easily from Lebanon and worldwide, which opens up new opportunities for further development with safe, economical, and quick service.

Our new company name is ABC Transit Co. SAL and was established in 2018.

We were one of Marcopoline's first members, joining in 2007, which made us one of Network VIP member.

We hope by participating in these international freight fairs worldwide will help us develop further, establish more relations, and gain our customers'/agents' trust.

OVERCOMING Challenges

PROJECT : BURKINA FASO

Pipes were shipped in bundles and it was a challenge to maintain accuracy in the count.

Loose cargos were difficult to count and load. However same was done professionally.

Due to civil unrest in the country, trucks were moved in smaller convoys as per FIFO order.

93 trucks were used and dispatched within 7 days.

Unloading of 14 M bundle was a challenge but it was well managed by our experienced team at the delivery site.

PROJECT : BOTSWANA

The destripping of transformers from the MAFI was done professionally also keeping in mind all insurance and surveyor compliance and requirements.

All documentation and exemptions were checked prior to ensure that the shipment is moved from the port without incurring storage charges.

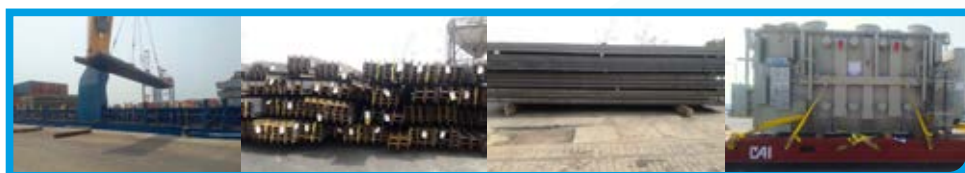

The cargo was stored at a warehouse in transit- This was supervised by the same surveyor and all insurance compliance taken care of .

We have also arranged detailed road/route survey prior from warehouse to delivery site, and accordingly finalized route which was suitable for the movement of these heavy transformers.

Detailed site survey was done to ensure that we have the suitable offloading equipments and all angles/plinths/gates etc are examined and no surprise element is received during final execution.

LÜDERS & STANGE KG - GERMANY

LÜDERS & STANGE

We are partners in MPL, so we must tell the truth and nothing but the truth. Here we go – and we mean it:

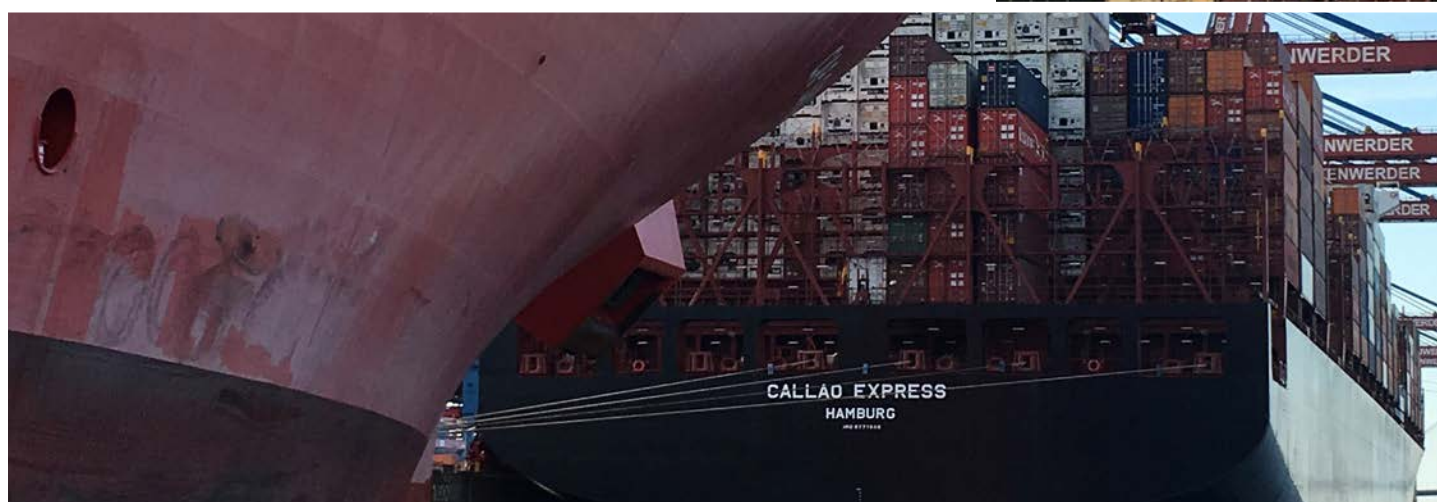

We are a logistics business offering tailor-made processes. Supply chain manager. All-rounders and specialists. Customs clearance - it's what we do every day. Impossible loads? They're our specialty! From small and explosive to oversized and bulky – we organise your transports. Worldwide.

Talking about experience... Our company was established in 1865! Does that help? Well, at least we have seen some changes during the decades and know what the needs of the economy and partners are.

We are German... is that important? Yes! Why? We stick to details and really take care! Some of you might have experienced our sometimes annoying questions, but in the end the details make the difference between profit and loss.

Our offices in Hamburg and Lübeck are there for you! Get in touch!

Best regards
Pay-Andres Lüders

VISA GLOBAL LOGISTICS - ITALY

Visa Global Logistics having consolidated its leadership in Oceanian forwarding and logistic market, and being able to enlarge its volumes in India and Middle East is now more than willing to embrace new challenges. We are pleased to inform we signed an agreement allowing us to enter in import/export market in Cuba, it is hard to be allowed to operate there but VGL's timing was the right one to grant its earliest presence in one of the markets which will surely grow in the near future. We have two projects in the pipeline to forward construction material and fittings to assist customers to open two resorts in front of Carribean Sea. Take a look at pictures of our shipments here

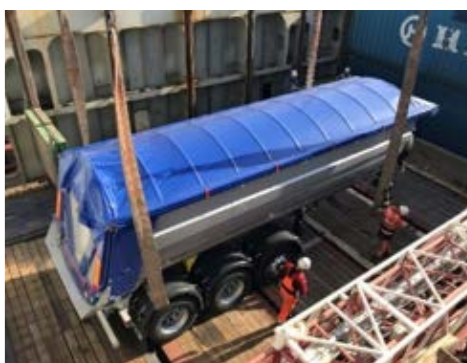

under. Thanking to our partner network we are expanding our turn over on shipment in and out Africa where we may grant delivery in whichever destination in the continent as the following ones in the forest near Dar Er Salam.

We proudly closed a project to Nigeria with full satisfaction of our customer who has recognized our skill of performance shown in buying soc container, taking care of pick up and lashing of over gauge cargo in such professional way that we have been entrusted for their new project to Costa Rica We have sarterd with a successful cooperation with a royal customer of ours who is entrusting us for their

worldwide cross trade shipments to be deliverd in USA, market in which we are improving our experience enlarging our slice of market day by day.

We are the forwarding agent who may fullfile whichever customer need counting of a team composed by well exprienced people who has not the only goal to increase own costumery but to grow together with customers assisting them to achieve their own target, to reach our one is simply the natural consequence.

Feel free to contact us asking for an offer, you will not receive a series of numbers but the reply of serious partner to improve your business.

- your logo on the material of the conference (block notes, flags)

THE MPL 12TH ANNUAL CONFERENCE

With **MPL's 12th Conference** fast approaching, let's reflect on how much the Group's strength is indebted to the previous eleven conferences. Each event has created bonds between members both for business and in friendship.

Meeting one another face to face, in a professional and social environment has led to loyalty, trustworthiness and dependability. This has established an extended family atmosphere, which continues to gain momentum with each Conference.

MPL's success in part, can be attributed to our members appreciating that we are an organization where people make the difference. We pride ourselves on being a Group where nationality, religion and politics play NO part. The right support from others within MPL is what is vital

and essential. Our Conferences is the glue that holds our family together. They are all about communicating and offering great opportunities to reap the benefits of The MarcoPololine Group, i.e. new business, new colleagues, new friendships and more support.

Much thought has gone into finding the best venue for the **12th MPL Conference**, with our members' needs and comfort being top priority. **Divani Apollon Palace & Thalasso** is just 25 minutes' drive from Athens city center and less than 30 minutes' drive from Athens International Airport.

Divani Apollon Palace & Thalasso is a 5* hotel perfect for both business and leisure. It is nestled on the coast, with its own private beach.

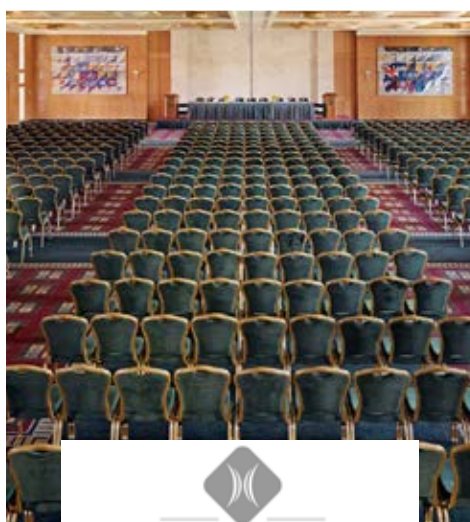

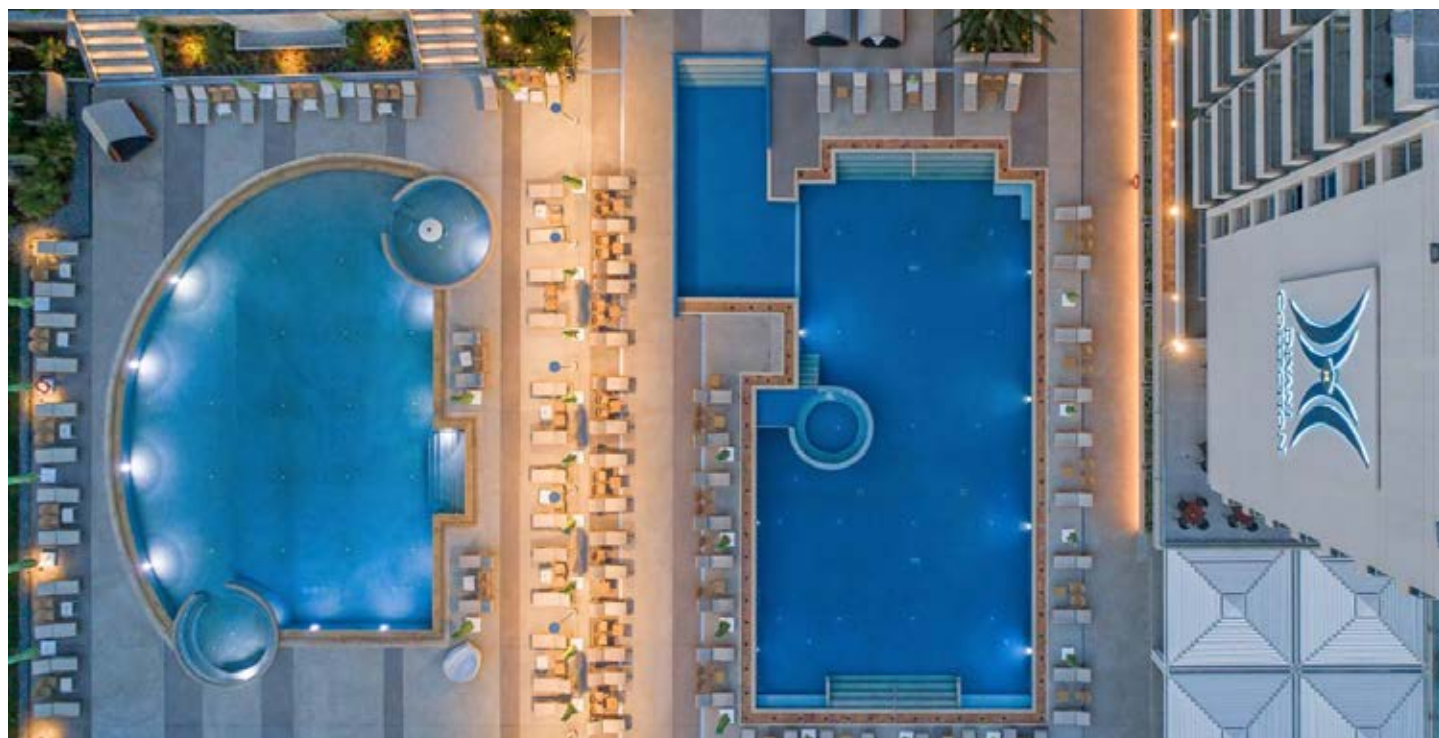

With the excellent assistance of our Host, Panagiota from ACE, Greece, we feel sure this conference will be a memorable event, including some surprises!!

We are delighted to say that reservations are rolling in fast and we thank those of you who have already booked. For those of you, who have not, please do so post haste, as it is the only way we can ensure you have the best rooms with the best views.
