CARE - ITALY – GENERAL AVERAGE

Very occasionally, things go wrong. In January 2019 Hapag Lloyd's vessel Yantian Express was enroute from Colombo to Halifax, NS when a fire broke out in a one of the containers on board. In an effort to extinguish the blaze, a huge volume of water was aimed at the fire and this water collected in the hold of the ship causing damage to cargoes which were not affected by the fire. General Average was declared and Average Adjusters appointed. The ship and her cargoes will be assessed in the appointed port of refuge in the Bahamas. All cargo interests are required to contribute to fund to the costs of preserving the vessel, her crew and cargo before undamaged cargo can be released. General Average claims can

take years to finalise and the security demanded by average adjusters might significantly impact shipper's and consignee's finances.

An All Risks Marine Insurance Policy will cover a General Average bond or guarantee required by Average Adjusters, obviating the financial stress on the shipper or consignee.

To my knowledge there have been two cases of General Average in the last 12 months affecting thousands of containers. We naturally hope that none of our members or their clients were affected by the two events.

If you believe prevention is better than cure, now might be a good time to contact Matteo at Care matteoalbertini@brokercare.com

Further details about Care are in this Newsletter.

FAST FREIGHT – ROMANIA

Starting with 2018, Fast Freight SRL Romania is happy to announce that they have expanded their line of direct services by opening its own intermodal terminal.

The terminal is equipped with machineries for any type of general and project cargo – from big blocks of marble, paper rolls up to special equipment for food graded products like: grains or wine.

As a plus, the warehouse is situated inside a bonded area of the Constanta

South Agigea port so it can be used for both 3PL shipments, including Amazon types.

With a surface of 7500 sq., we have also a warehouse of 1500 sq. covered where products can be accommodated- so we can handle both inside and outside cargo.

Rail access- another plus and also we can handle conventional vessel.

Another big plus for wooden products, can be loaded up to maximum payload and the client will not lose an inch in

height- for wood we can also provide the service of treatment.

Our sales team – ffsales@fastfreight.ro is always ready to assist, no matter the project – we don't say no- we say let's do it.

Hope this will be a big plus also for the MPL family and will help the partners inside the network offer better services at a better prices.

NEUTRAL CONSOLIDATION - INDIA

A PROGRAM FOR FUTURE LEADERS.

Knowledge is one of the biggest fundamental tools to become a successful leader. One must grasp all the possible knowledge for the constant learning and development of mind. But a great leader becomes great not only because of his knowledge but also with his experiences.

So, to enhance the skills and the knowledge and to share some experiences with our employees, we organized a Leadership program which was conducted by Sonia Mehta. She is a communication skills and leadership coach. Sonia shared her valuable experiences, knowledge, skills that worked as an influence for our employees to reach the highest point in their careers. The program took place at Ambassador Hotel, Mumbai.

Leadership is more than just a quality, it's a lifestyle. A lifestyle that unlocks the doors for great powers and potential around you. Leadership is all about bringing your people together to achieve huge success and greater results.

THE GOLDEN GET TOGETHER

After a hard work session of months, a break is very essential to loosen the busy nerves of our minds. Therefore, Neutral Consolidation had its annual get together with all the staff and management from 30th November to 2nd December at a serene offsite resort 'Amidst Nature' in Nasik city.

Every individual was all set to have a great fun time with their colleagues. Every day was set for several team building activities. The energy of the daylight enthused the team for indoor and outdoor games and the sparkling moonlight was meant for the music.

The friendly environment of the gathering was overloaded with fun, energy and togetherness.

TOKYO FREIGHT SERVICES W.L.L AN INTERNATIONAL FREIGHT FORWARDER

Tokyo Freight Services is very honoured and humbled to receive the "Best Clearing Company Award" given by the General Authority of Customs on 29th January 2019, held in Sheraton Hotel, Doha, Qatar.

The director and top managers of Tokyo Freight Services have deeply conveyed their gratitude to the whole team, to every single one employee who was determined to do their best, highlighting that this achievement would have been impossible without the teams' hard work, undying commitment

and dedication towards excellence.

The General Manager of Tokyo Freight Services, Mr Abdul Rauf further explained that this recognition is owed to their customers who have been supportive to them, who believe in their capability to deliver a service that continuously meets their expectations and standards, and most certainly to their loyal agents and partners across the globe who have been continuously entrusting their customer's valuable goods to them on the basis of DDU and DDP terms. Tokyo Freight Services

work with them, hand in hand, with a common goal, and that is to provide the highest level of satisfaction to their respective customers.

This award is a manifestation that Tokyo Freight Services truly embodies its values on teamwork, commitment, accountability, and leadership in every undertaking that they do.

OUR BESPOKE PRODUCTS FOR MARCOPOLOLINE MEMBERS, AT EXCLUSIVE RATES AND CONDITIONS:

MARINE INSURANCE

Freight Forwarder liability - The basic cover for any logistics operator worldwide, including error and omissions.

All-risks cargo insurance - the best protection for your customers, covering goods shipped on any conveyance and with appropriate conditions for special goods. We also have a special expertise for project cargo.

Storage insurance - Bespoke products for your warehousing activities

Maritime charterers' liability - When you charter vessels or aircrafts for your shipments.

CYBER INSURANCE

The new frontier of insurance, covering unprecedented and perilous risks and your exposure. Stored data, personal information of your customers, your network and reputation are all subjects to violations and cyber attack, due to the spread of technology and digital systems. You are concerned and new legislation is also changing the liability framework. Better to be protected!

TRAVEL INSURANCE

Freight forwarders travel very much worldwide: it's part of their job. When they do so, it is key that they are properly protected against the many and underestimated risks of travel. Care has negotiated special terms for MPL members, with a global insurance of the highest quality.

POLLUTION INSURANCE

Most firms aren't covered: with environmental laws and liability becoming more and more strict, better to act and be protected. Logistics companies are hugely exposed, also if they do not ship hazardous goods.
